

**Narada Group**, which owns two prestige brand names (Gaston & Narada) and 4 factories Of hi-technology valve regulated Sealed battery. Its production scale and marketing shares takes a leading role in the Chinese domestic market. 7 ranges of products are extensively used in the trades of telecommunication, electric power, broadcast television milting equipment, ups system, solar energy and security.

**Gaston Narada International LTD**, the combination of Gaston Battery Industrial LTD and Narada power source CO. LTD, has opened an office in Shenzhen of mainland China, headquartered in Hongkong. It focus on the overseas international market and offers a wide range of service to help group growing and globalizing.

## \* Production

GT-Range ,GTS Range, GT-HR Range, GTS-L Range, GTS-G Range, GT-M Range GT-F Range are produced by the 4 factories separately.

**Hangzhou Narada battery CO LTD (Li Ping)** plant which is built up in 1995, occupying area is 66,000m<sup>2</sup>, there are 280 employees and annual production capacity is 250,000kvah. It produces GTS Range which is used for telecommunication

**Zhoushan Narada-Hua yua Battery company** which is built up in 1996, occupying area 10,000m<sup>2</sup>,there are 171 employees and annual production capacity is 120,000kvah. It produces GT-HR, GT-F Range which is used for UPS, Telecom, DC power supply, etc.

**GUANGDONG Chaozhou production base** which is built up in 1999, occupying area 24,000m<sup>2</sup>, there are 150 employees and annual production capacity is 400,000kvah. It produces GTS-L Range which is used for electric power, telecommunication system, solar and wind power system, etc.

**Shenzhen Gaston Battery Industrial LTD** which is built up in1998, occupying area 10000m<sup>2</sup>,there are 350 employees and annual production capacity is 120000kvah .It produces GT Range which is used for security, alarm, etc.

## \* Battery R&D Center

The center, establishing in 1999 and owing 30 engineers, which has become a strong support for 4 production bases. The group has been investing millions of funds specially for developing the new products.

- \*Research of spiral battery
- \*Research of gel technology
- \*Research of polymer Li-on battery
- \*Research of the designment for new VRLA product and test

## \*Management

Having more than 7 years of experience in producing VRLA battery, the company has got ISO9002 and ISO9001 certificate from Germany TUV Management service GmbH, 14001 Environment Management system certificate from DNV.
