

GT4-1

4V1AH/C20

GT range

GASTON GT Range is the most standard and the first generation delicate product which is designed with AGM(Absorbent Glass Mat) technology, high performance plates and electrolyte. The definition of GT is coming from General purpose. Therefore, this range product has possessed various applications for common power backup system.

Application

- · Alarm System
- Cable Television
- Communication Equipment
- Control Equipment
- Security System

Construction

Cover

- Medical Equipment
- UPS
- Power tools
- Emergency Power System
- Toys

- Sealed and maintenance free operation.
- Non-Spillable construction design.
- ABS containers and covers(UL94HB, UL94V-0) optional.
- Safety valve installation for explosion proof.
- · High quality and high reliability.
- Exceptional deep discharge recovery performance.
- · Low self discharge characteristic.
